Definitions

- Dynamic equivalence:** Emphasis on reproducing the functional meaning of the ancient words with freedom to rearrange the order of the words (syntax) in the target language.
- Masoretic:** The most widely used Hebrew text of the Old Testament.
- Paraphrase:** Emphasis is on expressing the meaning in contemporary language, with numerous additional words.
- Textus Receptus:** "Received Text"; 1550 edition of the Greek NT used by most translators before 1900.
- Verbal equivalence:** Emphasis is on reproducing the modern English equivalent of the ancient words, with tendency to use same word order as the ancient language.
